replicate 1 vs. 2

enrichment from replicate 2
(log relative to WT)

enrichment from replicate 1
(log relative to WT)

$R^2 = 0.818$

replicate 1 vs. 3

enrichment from replicate 3
(log relative to WT)

enrichment from replicate 1
(log relative to WT)

$R^2 = 0.845$

replicate 1 vs. 4

enrichment from replicate 4
(log relative to WT)

enrichment from replicate 1
(log relative to WT)

$R^2 = 0.854$

replicate 2 vs. 3

enrichment from replicate 3
(log relative to WT)

enrichment from replicate 2
(log relative to WT)

$R^2 = 0.834$

replicate 2 vs. 4

enrichment from replicate 4
(log relative to WT)

enrichment from replicate 2
(log relative to WT)

$R^2 = 0.857$

replicate 3 vs. 4

enrichment from replicate 4
(log relative to WT)

enrichment from replicate 3
(log relative to WT)

$R^2 = 0.874$
